**MEMORANDUM FOR THE RECORD****SUBJECT: De/Nazification Files**

ILLEGIB

1. On February 15, 1960 received a call from Phillip P. Brower, World War II Records Division, NARS (code 1225 ext. 58) requesting our opinion as to the value of subject files to CIA.

2. Called [ ] OCR, and asked him what BR's present feelings were about these records. He informed me that BR is borrowing case files and exploiting the contents and that two more years would be required to complete this screening. He also indicated that BR might have an interest beyond the 2 year period. They would like to be informed of any impending disposal.

3. Mr. Brower was informed of our 2 year or more interest. He assured me that the Agency would be notified of any contemplated disposal action.

4. Mr. Brower called back and wants to know if we can identify specifically the records we need. (I'll contact [ ] on this).
